Experience

MERN-Stack Developer Intern at Excelsior Technologies

I contributed to **3 Full-stack projects** and this role allowed me to collaborate with **diverse teams and develop scalable solutions** in a fast-paced environment. I gained valuable experience in **project management, real-world workflows, and industry practices** while quickly adapting to new technologies. My key skills include **effective team collaboration and communication, strong problem-solving abilities, and a solid understanding** of optimizing development workflows. This experience enriched my understanding of **work culture and enhanced my development capabilities.**

Profile

I am a **Computer Science Engineering** graduate with hands-on experience in software and **web development**. I have worked as **a MERN stack developer**, where I led projects and collaborated with teams to create user-friendly applications. My experience has taught me the **importance of teamwork and effective communication**. I am excited to take on new opportunities where I can apply **my skills and continue to grow in the tech field**.

Skills

Java | Python | JavaScript | MERN Stack | MySQL | Git & GitHub

Projects

Wanderlust - Express , MongoDB , HTML , CSS, Bootstrap wanderlust.com
- Developed **Wanderlust**, a **functional Airbnb clone**.
- Built with full-stack technologies: **HTML, CSS, JavaScript, Node.js, Express.js, EJS, and MongoDB**.
- Demonstrates proficiency in **developing full-stack web applications** with an emphasis **on user experience and functionality**.
- Includes **secure login capabilities** and **seamless integration** of front-end and back-end functionalities.
- Offers key features for an Airbnb clone, such as **listing, search filters, secure booking system, real-time availability, and reviews and ratings.**

IntelLearn - ReactJs , Django , Sqlite3
- **Developed** a **Smart Education System** using **React**, **Django**, and **SQLite3**.
- Enabled **seamless user login** and **course enrollment** functionality.
- Integrated **instructional videos**, **quizzes**, and **assignments** to enhance learning.
- Demonstrated ability to build **user-friendly**, **interactive web applications**.
- Showcased strong skills in **web development** and **educational technology.**

Travel Management System - JAVA
- Developed a **Java-based Travel Management System** for trip planning**.**
- Enabled users to **book hotels, estimate travel costs, and calculate total expenses**.
- Considered **transportation, accommodation, and meals** in cost estimation.
- Featured **budget-friendly hotels and meal options** for booking.
- **Generated a comprehensive bill** covering all travel-related costs.

Academic and Extracurricular Achievements

- **ODDO Combat -** Coding marathon where talent meets technology and innovation knows no bounds. This is your chance to showcase your skills as a coder for crafting groundbreaking solutions to a mystery theme revealed only at the last moment.
- **SVNIT -MindBend Workshop -** Mindbend 2024, the student-led techno-managerial festival at SVNIT Surat, is set for March, bringing together global tech leaders and innovators to foster technological advancement while supporting the Make in India initiative. The festival serves as a launching pad for tech enthusiasts to connect with industry pioneers and showcase their innovations.

Education

Lok Jagruti Institute of Engineering & Technology, Ahmedabad, India   *Nov ' 22- Nov ' 26*
- CSE| Current CGPA: **9.4**

K.R.Raval School , Ahmedabad , India   *May ' 22*
- Class XII, 85.36 %
